### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or to suggest, either alone or in combination, the steps of the claimed invention, including the steps of: "said via comprises a layer of titanium over a layer of anti-reflective coating (ARC) titanium nitride...applying a nitrogen plasma to said layer of titanium; and converting said layer of titanium to a first layer of titanium nitride; wherein said contaminant does not chemically react with said first layer of titanium nitride".

Additionally, Applicant's arguments, pages 10-11 of the remarks filed 2/13/06, were persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
